Invoke in an Agile team  
Participate in the development of company products and fix bugs

8/2019 – 9/2020

## RAKUMO

FULL STACK (Java + Python + Angular)

Work on Spring Framework project

Collaborate with members from Vietnam

Pick up user stories, analyze, design, and discuss with the team to tackle them

Participate in the development of company products and fix bugs

## PROJECTS

---

### Web RETP

(01/10/2021 – NOW)

<b>Customer</b>	Canada Customer
<b>Description</b>	Web site and mobile app for traffic management
<b>Team size</b>	8
<b>My position</b>	Developer
<b>My responsibilities</b>	<ul style="list-style-type: none"><li>- Work on Spring Framework project</li><li>- Collaborate with member from Vietnam</li><li>- Pick up user stories, analyze, design, and discuss with the team to tackle them</li><li>- Invoke in an Agile team</li></ul>
<b>Technologies used</b>	Spring Boot, Rest API, ...

### Web Merito

(01/02/2021 – 30/09/2021)

<b>Customer</b>	Foreign customers
<b>Description</b>	Web site for computational processing
<b>Team size</b>	10
<b>My position</b>	Developer
<b>My responsibilities</b>	<ul style="list-style-type: none"><li>- Work on Spring Framework project</li><li>- Collaborate with member from Vietnam</li><li>- Pick up user stories, analyze, design, and discuss with the team to tackle them</li><li>- Invoke in an Agile team</li></ul>
<b>Technologies used</b>	Spring Boot, JDBC template, Hibernate, Rest API, Microservice, ...

### Web AQS

(19/10/2020 – 30/12/2021)

<b>Customer</b>	Foreign customers
<b>Description</b>	Web site and mobile app for computational processing
<b>Team size</b>	6
<b>My position</b>	Java BE, Angular FE
<b>My responsibilities</b>	<ul style="list-style-type: none"><li>- Work on Spring Framework project</li><li>- Collaborate with member from Vietnam</li><li>- Pick up user stories, analyze, design, and discuss with the team to tackle them</li><li>- Invoke in an Agile team</li></ul>

**Technologies used**

Spring Boot, Angular 9, Hibernate, Rest API, Microservice, ...

**WEB RAKUMO**

(09/03/2020 - 09/2020)

<b>Customer</b>	RAKUMO
<b>Description</b>	Participate in the development of company products and fix bugs
<b>Team size</b>	9
<b>My position</b>	Java BE Developer, Python BE Developer
<b>My responsibilities</b>	<ul style="list-style-type: none"><li>- Work on Spring Framework project with a huge legacy source code.</li><li>- Work on Django project with a huge legacy source code.</li><li>- Working with Japanese team</li><li>- Write code learn from the leader and improve the code after being reviewed.</li><li>- Fix Bugs</li></ul>
<b>Technologies used</b>	Spring Framework, Django, Google App Engine, Angular, Dojo
