Task 2: Reading: In Brook Lane

Mr and Mrs Green live in Greenwich, in Brook Lane. That's their house, next to Luke's house. Henry is there too, but Mr and Mrs Green aren't his parents. They're his uncle and aunt. Henry is twelve, and he's an only child. Henry and his parents are from London. Henry's parents are on holiday in Poland (*Polen*). Henry is on holiday, too, but in Greenwich.

Now Henry is in the street with his new friends in Brook Lane. There are three boys – Henry, Luke and Dave – and one girl, Holly. Where can they go?

Dave: Let's go to the boating lake. It's great there – but not with Sherlock.
He's a crazy dog!

Luke: He's with my mum and my sister, but they aren't at home.

Henry: Can you go to the boating lake, Luke?

Luke: Yes, great idea! And you, Holly?

Holly: Yes, I love the boating lake!
